# 1. Introduction

In terms of Section 53 (1) (c) (ii) of the MFMA, the Service Delivery and Budget Implementation Plan (SDBIP) is defined as a detailed plan approved by the mayor of a municipality for implementing the municipality's delivery of municipal services and its budget, and which must indicate the following:

- (i) Projections for each month of
  - a. Revenue to be collected, by source; and
  - b. Operational and capital expenditure, by vote.
- (ii) Service delivery targets and performance indicators for each quarter, and
- (iii) Other matters prescribed.

The Executive Mayor, in accordance with Section 53 of the MFMA, is expected to approve the SDBIP within 28 days after the approval of the budget. In addition, the Executive Mayor must ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators as set out in the SDBIP are made public within 14 days after its approval.

The SDBIP gives effect to the Integrated Development Plan and the budget of the municipality. It is an expression of the objectives of the District in quantifiable outcomes which will be implemented by the administration for the financial period from 1 July 2016 to 30 June 2017 (the District's financial year). It includes the service delivery targets and performance indicators for each quarter which should be linked to the performance agreements of senior management. It therefore facilitates oversight over financial and non-financial performance of the municipality and allows the Municipal Manager to monitor the performance of the Directors, the Executive Mayor to monitor the performance of the Municipal Manager, and the Community to monitor the performance of the Council.

The SDBIP links the budget, IDP and management performance agreements. It further includes detailed information and guidelines on how the budget will be implemented, mostly by the administration. The Executive Mayor will thus make use of this tool to monitor the implementation of the budget by administration. This can be achieved by means of drawing forecasts on cash flows and reviewing and monitoring such over the financial year against the actual performances. The service delivery targets and performance indicators can also be assessed over the period, thus monitoring the Directors' performance at least on a quarterly basis. The SDBIP is an equivalent of a municipality's business plan and forms an integral part of the financial planning process.

This document should be read together with the Integrated Development Plan (IDP) and the Budget, both of which were both approved by Council on the 7<sup>th</sup> of June 2016 respectively.

This SDBIP for the 2016/2017 financial year will be approved by the Executive Mayor on the 5<sup>th</sup> July 2016. This is to ensure that the approval thereof is within 28 days since approval of the 2016/17 financial year budget. The 2016/17 financial year budget was approved on the 7<sup>th</sup> June 2016.

## **2. The Components of a SDBIP**

The necessary components of a SDBIP are:

1. Monthly projections of revenue to be collected for each source.
2. Monthly projections of expenditure (operating and capital) and revenue for each vote.
3. Quarterly projections of service delivery targets and performance indicators for each vote
4. Detailed capital works plan

The SDBIP is the formal link between organisational performance and the adjustments budget. It also provides a means to measure cost effective service delivery by linking the inputs – the budget – to the service outputs and outcomes.

## **3. Reporting on the SDBIP**

This section covers reporting on the SDBIP as a way of linking the SDBIP with the oversight and monitoring operations of the municipality.

A series of reporting requirements are outlined in the MFMA. Both the mayor and the accounting officer have clear roles to play in preparing and presenting these reports. The SDBIP provides an excellent basis for generating the reports. The reports then allow the Councillors' of the municipality to monitor the implementation of service delivery programs and initiatives across the municipality.

### **3.1 Monthly Reporting**

Section 71 of the MFMA stipulates that reporting on actual revenue targets and spending against the budget should occur on a monthly basis. This reporting must be conducted by the accounting officer of a municipality no later than 10 working days, after the end of each month.

Reporting must include the following:

- (i) actual revenue, per source;
- (ii) actual borrowings;
- (iii) actual expenditure, per vote;
- (iv) actual capital expenditure, per vote;
- (v) the amount of any allocations received

If necessary, explanation of the following must be included in the monthly reports:

- (a) any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote

- (b) any material variances from the service delivery and budget implementation plan and;
- (c) any remedial or corrective steps taken or to be taken to ensure that the projected revenue and expenditure remain within the municipalities approved budget

### **3.2 Quarterly Reporting**

Section 52 (d) of the MFMA compels the mayor to submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality within 30 days of the end of each quarter. The quarterly performance projections captured in the SDBIP form the basis for the mayor's quarterly report.

### **3.3 Mid-year Reporting**

Section 72 (1) (a) of the MFMA outlines the requirements for midyear reporting. The accounting officer is required by the 25th January of each year to assess the performance of the municipality during the first half of the year taking into account –

- (i) the monthly statements referred to in section 71 of the first half of the year;
- (ii) the municipalities service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan;
- (iii) the past year's annual report, and progress on resolving problems identified in the annual report; and
- (iv) the performance of every municipal entity under the sole or shared control of the municipality, taking into account reports in terms of section 88 from any such entities.

Based on the outcomes of the mid-year budget and performance assessment report, an adjustments budget has to be tabled as the actual revenue and expenditure amounts are materially different from the projections contained in the annual budget or the SDBIP. The SDBIP is also a living document and may be modified based on the mid-year performance review. Thus the SDBIP remains a kind of contract that holds the Municipality accountable to the community.

## 4. Linking the IDP to the Budget

The following programmes in the IDP are budgeted for as follows:

DEPARTMENTS / BUDGET ITEMS	Council	Municipal Manager	Corporate Services	Planning & Dev.	Budget & Treasury	total budget 2016/2017
Public Participation	50,000.00					50,000.00
Youth Development Programmes	50,000.00					50,000.00
Special Programmes	50,000.00					50,000.00
IGR						-
Social Responsibility Fund	100,000.00					100,000.00

Communication strategy						-
Intergovernmetal relations	10,000.00	-	-	-	-	10,000.00
SCOA-MSIG					806,000.00	806,000.00
SCOA					-	-
<b>TOTAL PROJECTS</b>	<b>430,000.00</b>	<b>30,000.00</b>	<b>-</b>	<b>1,848,000.00</b>	<b>1,446,000.00</b>	<b>3,754,000.00</b>

As a result of the 2015 IDP engagements, the municipality identified the above mentioned projects priorities for the IDP. These are also informed by the FS Provincial Growth and Development Strategy and modified to suite municipal reporting and implementation arrangements.

1. Water, Sanitation and Infrastructure.
2. Economic Development and SMME support.
3. Employment creation.
4. Tourism opportunities along NI and Gariep Dam.
5. Emerging farmer strategy and housing backlogs.
6. Financial viability, revenue strategies and organizational capacity of XDM.
7. Education, skills transfer and capacity building.
8. Special programs: Youth, Women and people with disabilities.
9. Crime prevention.
10. Youth development.

## 6. Service Delivery Targets and Performance Indicators

The service delivery targets and performance indicators below contains the capital service delivery targets and performance indicators as well as the operational service delivery targets and performance indicators for each department and the Council. The service delivery targets and performance indicators contained herein is linked to the municipality's performance management system and when the municipality adopt and make changes to the performance management system also make changes to the service delivery targets and performance indicators of the SDBIP. By cascading performance measures from strategic to operational level, both the IDP and the Service Delivery and Budget Implementation Plan (SDBIP), forms the link to individual performance management. This ensures that performance management at the various levels relate to one another which is a requirement of the Municipal Planning and Performance Regulations and the MFMA. The MFMA specifically requires that the annual performance agreements of managers must be linked to the SDBIP of a municipality and the measurable performance objectives approved with the budget (circular 13 of the MFMA). The SDBIP in essence becomes the main operational tool to translate and manage the performance objectives as formulated in the IDP. The following diagram illustrates the process.

The following abbreviations are used in the service delivery targets and performance indicators:

KPA	-	Key Performance Area
KPI	-	Key Performance Indicator
GGPP	-	Good Governance and Public Participation
MFVM	-	Municipal Financial Viability and Management
MTID	-	Municipal Transformation and Institutional Development
LED	-	Local Economic Development
BSD	-	Basic Service Delivery
MFMA	-	Municipal Finance Management Act 56 of 2003
MSA	-	Municipal Systems Act 32 of 2000
EEA	-	Employment Equity Act 55 of 1998
SDA	-	Skills Development Act 97 of 1998
MPPR	-	Local Government: Municipal Planning and Performance Management Regulations, 2001
MPR	-	Local Government: Municipal Performance Regulations for Municipal Managers and Managers Directly Accountable To Municipal Managers, 2006

## 7. Planned performance targets for service delivery per quarter

## 9. Approval of Service Delivery and Budget Implementation Plan

Being a management and implementation plan (not a policy proposal) the SDBIP is not required to be approved by council. It is however tabled before Council and made public for information and for purposes of monitoring. According to Section 53 of the MFMA, the Executive Mayor is expected to approve the SDBIP within 28 days after the approval of the budget. This section requires him or her to take all reasonable steps to ensure that the SDBIP is approved within 28 days. In addition, the Executive Mayor must ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators as set out in the SDBIP are circulated or made public within 14 days after its approval.

Xhariep's SDBIP was concluded along with the IDP and Annual Budget 2016/2017. All levels of the SDBIP have been formally submitted by the Municipal Manager to the Executive Mayor within 14 days after Budget Approval and will subsequently be approved by the Executive Mayor within 28 days after budget approval. Therefore, the Executive Mayor will circulate these planning, monitoring and evaluation tools to the general public within 14 days after his approval.
